

Discover SDC Platinum in LSEG Workspace

Empowering deal making from win to close.

Rely on 25+ years of excellence, trust and leadership in deals analytics with SDC Platinum, now in LSEG Workspace.

LSEG Workspace combines cutting-edge technology with market-leading content sets, delivering a best-in-class solution for investment bankers. Turn ideas into valuable opportunities, structure better deals, and climb the league tables.

SDC Platinum allows you to monitor deal flow, identify market trends and gain insight into competitive positioning within any region, asset class or industry at highly flexible levels of granularity.

Work better, faster, smarter – wherever you are with SDC Platinum

Unrivalled coverage, trusted insights and advanced screening capabilities

SDC Platinum provides reliable securities data from globally consistent, locally focused sources, backed by our international team of expert analysts.

With thousands of data points across all asset classes, SDC Platinum's database allows you to analyse investment banking and deal trends; identify comparable transactions and deals; monitor markets and industries; evaluate financial advisors; and generate industry-leading league tables and market share analysis.

Identify deal trends using hundreds of standard volume or trend analysis tables and conduct comparable deal analysis to evaluate the market value and multiples of potential transactions. Analyse won or lost business and market share trends to feed into your strategic planning and gain a clear view of the competitive landscape assessing your position versus your peers by region, deal type or sector.

Create complex searches, reports and analyses on countries and regions, products, deal types and industries with high levels of granularity within the market's largest deals database with powerful screening tools.

Our league table rankings of investment banks and law firms, generated using SDC Platinum, are the authoritative source in pitch books, annual reports and marketing materials worldwide and are regularly published by global news agencies and industry partners.
